

Mike Padden

AI Delivery - Seattle, WA

This is a placeholder PDF. The real resume will be dropped in shortly.
Reach me at mpadden33@gmail.com.

What I do

- AI delivery and adoption: shipping production AI features and getting teams to actually use them.
- Agentic workflow automation: multi-step agent workflows over real systems.
- Cross-functional program leadership: aligning eng, design, ops, stakeholders.
- Translating business requirements into AI-enabled products.
